BRUSSELS

BRUSSELS

BRUSSELS is a combination of minimalistic forms, materials, attention to detail and practicality. The combination of clean lines, metal, fabric, wood and paint brings a special charm to the collection. Due to these features and simple lines, this collection can fit in many homes and give them a touch of contemporary style. Although design and comfort of the BRUSSEL collection furniture is the main focus, these qualities are also accompanied by production quality.

The collection consists of sideboards, media units, highboard and a dining table, so the furniture is suitable both for living spaces and for dining. Doors and drawers open with a push-to-open mechanism, and soft closure is guaranteed by a soft close mechanism.

BRUSSELS - from design to quality.
