# ELMA

E L M A

ELMA collection is an artisanal design made from pieces of bent wood and oak veneer, set individually to create the rounded forms. A trend that brings movement and fluidity to your interiors.

Design with pieces shaped one-by-one that give it its shape and design. The metal legs and handles are painted with a matte black finish following the trend easy to combine it to other living area details, as well choice of wood colors to meet them. If you are looking for originality this range will definitely give your interiors a special look! Exclusively designed.
